J. C. MacMillan Rotary Speaker

NORTH SYDNEY, June 14—An exceptionally interesting talk by one of the club's charter members and a past-district governor of the movement, John C. MacMillan, highlighted today's weekly dinner meeting of the local Rotary Club.

Mr. MacMillan, one of the best known Rotary figures in the Maritimes, gave a splendid report on the recently-held International Conference at Atlantic City, N.J., and at which he was a delegate.

The speaker outlined in a concise and interesting manner the various programs and features of the big, four-day convention, and also paid particular attention to the reports delivered at the gathering and plans made for the future of the world-wide organization.

In his talk, Mr. MacMillan said that he had noted at the convention that Arthur Lagueux, of Quebec, who was International president for the 1950-'51 Rotary year was a most popular figure, and a man that proved to be a regular goodwill ambassador for Canada.

He added that, Mr. Lagueux had also proved himself a most capable and popular president during the year that he had held the office.

Chairman at the meeting, James A. Angel, called upon George F. Leonard to extend a vote of thanks to the speaker.

Largely attended, the meeting was held at the Canadian Legion Hall.

Following an enjoyable dinner, a sing-song took place after which a business session was held. Guests at the meeting were Rotarians Wilfred Burchell, Sydney, and Carl Murdock, Amherst.
