Mr. Athur Lagueux,  
President Rotary International,  
Quebec, Que.

Dear President Arthur:-

May I express to you the appreciation of our members for visiting us. Knowing the countless calls upon you we consider it a great honor that you should favor a comparatively small club as our own.

Not only our own members but those of adjoining clubs are still talking about your inspiring address.

You will be pleased to know that the three or four of our members unable to be present got in their attendance elsewhere so your visit gave us the first 100% attendance for the year.

After the strenuous weeks that lie ahead of you have passed into history, I trust that both you and your good wife Christine may find it possible to again visit us when you have time to see the beauty of our Island, and also enjoy the fishing.

With kindest regards to both you and your good wife Christine, believe me,

Sincerely,

Irving A. Bearce.
